

Press Release:

Appleton Market can now officially be called a Farmers' Market having passed the rigorous standards imposed by FARMA, the National Farmers' Retail and Market Association.

In their assessment, the "unique" market was praised for the "strong ethos ...encouraging a well formed community spirit and should be commended"

We are of course all delighted at this news, and hope to build on these strong foundations.

The market takes place on the second Sunday of the month at Appleton Village Hall from 10.00 till 1.00.

Our Christmas Market will be on Sunday December 13th where we will be offering locally produced mince pies, and mulled wine.

All are welcome.

Our January market is particularly special. The Diversity Market allows villagers from different cultures to cook something delicious for all to enjoy.

We will have foods from France, Paraguay, Sweden, Belgium, and many other countries to taste.

And we would like to offer our thanks to all the villagers who regularly support us, and hope that you continue to do so, and look forward to seeing all and sundry be they from Appleton or elsewhere. The market is for all to enjoy.

The Appleton Market Committee.
