

David Cameron impressed by successful local business on his doorstep ...

David Cameron enjoyed a visit back in his own constituency at local flour miller **FWP Matthews Ltd**, members of the Oxfordshire Food Group, on Friday 24th November 2006.

David was extremely impressed by FWP Matthews, how it has grown and its plans for the future while still maintaining its traditional buildings. Himself a keen advocate of organic foods, he was interested in the way they have embraced organic production and are now one of the leading producers of organic flours in the UK. They strive to support the local community by keeping production at the site in Shipton under Wychwood.

'FWP Matthews have got it just right by focusing on milling high quality flours. Their plans for a new warehouse are sympathetic to the area. I myself am a customer and use Cotswold Crunch!'

The Rt. Hon. David Cameron, MP for Witney

'David Cameron's visit was very much appreciated by all at FWP Matthews to witness a growing milling business utilising locally grown wheat and increasing employment in the area'

Paul Matthews, Joint Managing Director, FWP Matthews Ltd
